

Modernized Steam Locomotive "Heidi" officially baptized

Wednesday, 16 March 2016 17:19 - Last Updated Wednesday, 16 March 2016 17:45

All sponsors had been invited to a wintery excursion with the steam locomotive "Heidi" for which they contributed to enable its restoration and modernization. The train consisting of five historic carriages started at Samedan, steamed to Zernez where the official ceremony took place. After a delicious lunch, the special train headed back full steam to Samedan on gradients up to 35%. The picture shows the train ready to depart at Zernez: Roger Waller
